

## March 2010 Newsletter 'To Be Sure' it's ETB-Pegasus

Hello everyone,  
March can be a bit of a dull month but never fear, for that reason, us Irish (well, just me in this case) have St. Patrick's Day in the middle of it to brighten it all up - although I have to admit ETB-Pegasus was far from dull this month...

ETB-Pegasus are proud to present -

### ETB-Pegasus Hock Angle Analysis

The system is a software upgrade to the ETB-Pegasus Limb Phasing and Cannon Angle Analysis Systems. It allows objective measurement of the flexion/extension action of the hock 'in the field'. Information like this brings us closer to power, impulsion and engagement.

**For more information please look at our Products and Services at [www.etb-pegasus.org](http://www.etb-pegasus.org)**

ETB-Pegasus on tour in Holland.

Managing director Diana Hodgins visited Holland to demonstrate our systems. She met Willem Back at Utrecht University, vets, breeders, trainers and owners and got to profile some competitive trotting horses. A successful trip where we've already been requested to return to next month.

Trotting horse being profiled

As mentioned in our Christmas newsletter we are very excited to be profiling Sue Box and her two horses for their forthcoming endurance riding year. This month we visited Sue for her second profile. I went with her to her flatwork lesson with Helen Dawson at [Sinai Dressage](#).

Sue and Shadow

ETB-Pegasus visit show jumper Lucinda Huzzey at her [Sunnyside Livery and Sports Horse Yard](#).

Lucinda on Twister IV

ETB-Pegasus visit ACPAT 25<sup>th</sup> Anniversary Seminar competition winner Victoria Spalding. Not only did we do the Limb Phasing profile but we also did the Cannon and Hock Angle Analysis.

Tina putting on the Hock Angle Analysis straps for trot up

12<sup>th</sup> ETB-Pegasus visit Riseholme College to present a guest lecture and demonstration.

And finally.....

ETB-Pegasus has finalised the first set of dates etc. for our two-day Practical Biomechanics and Gait Analysis seminars with Sandie Chambers from Equestrian Edge. Please go to [www.equestrianedge.co.uk](http://www.equestrianedge.co.uk) for further details and bookings.

AND....

Due to the success of the newly introduced ETB-Pegasus products, ETB-Pegasus require a person with sales experience and knowledge of selling into the equine market. If you would like to become part of the ETB team, please send a CV detailing your experience and current remuneration package to Doreen Mascall - [dmm@etb.co.uk](mailto:dmm@etb.co.uk).

For further information on any of the above please also keep an eye on our website [www.etb-pegasus.org](http://www.etb-pegasus.org).
